

MARKINGSPRAY MARK

THEORETICAL COVERAGE

EAZY MARK NOZZLE

QUICK DRYING

WEATHER-PROOF

MASTON MARK is a quick-drying marking paint especially for wood marking but also suitable for stone and metal. The paint is not absorbed in the marked surface.

Unique compounds prevent over-heating of saw blades or paint distribution in processing of wood into boards. Removable with acetone if necessary. Dust-dry in ca 20 seconds. Temperature of the marked surface -35°C - 160 °C. The color stays on the surface for about 36 months. Environmentally friendly ink based formulation. Coverage 100m.
