

SPRAY SHOE CARE

Maston Shoe Care forms an invisible layer that protects the footwear against staining and moisture. It is suited for all types of leather and fabric including sports and casual footwear. The product offers effective protection without altering the look and quality of the material. Instructions: Shake the bottle and spray evenly on a dry surface from a distance of about 20 cm. Test painting is recommended on a small, invisible area. Ready to use after surface is dry. If necessary, repeat.
